## Palestras 2025

### Palestra UML - 17/04

The screenshot shows a presentation slide titled "Engenharia de Requisitos" (Requirements Engineering) within a software application window. The slide content is as follows:

**Engenharia de Requisitos**

**Ciclo de Engenharia de Requisitos de Software**

The cycle is represented by a circular diagram with four segments, each containing an icon and a number. A large blue arrow points from the bottom right segment back to the top left, indicating a continuous cycle.

1	2	3	4
<b>Identificar e Elicitar Requisitos</b>	<b>Analisar e Documentar</b>	<b>Validar e Verificar</b>	<b>Garantir Rastreabilidade</b>
Coletar necessidades e expectativas dos stakeholders.	Organizar e detalhar requisitos claramente.	Confirmar precisão e consistência dos requisitos.	Acompanhar mudanças e vincular requisitos a elementos de software.

On the right side of the screenshot, a vertical strip shows a list of participants in a video conference, including names like JAYANE ELIAS DE FARIAS, RAUL DIAS SILVA, ANTONIO ..., MILLENA ..., RENATO F..., and WALLEX A....
